

School Accountability Report Card

Reported Using Data from the 2010–11 School Year

Published During 2011–12

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

Ed-Data Partnership Web Site

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

II. About This School

School Description and Mission Statement (School Year 2010–11)

The mission of A. E. Arnold School, in partnership with parents and our diverse community, is to empower students to reach their full potential as responsible, productive, contributing members of our global society by maintaining high expectations; by providing a powerful and innovative curriculum that emphasizes higher level thinking and creative problem-solving skills and challenges students and staff to strive for excellence; and by providing a safe, risk-free learning environment that encourages mutual respect and responsibility.

Opportunities for Parental Involvement (School Year 2010–11)

The School Site Council (SSC) is an advisory group that meets regularly to receive information, discuss school programs, and provide input toward school-based decision-making. The SSC is composed of the principal, three classroom teachers, one other school staff member, and five parents of students. A subcommittee of the SSC is the English Language Advisory Committee (ELAC). All meetings are open to the public.

The school actively seeks parent involvement for school programs in a variety of ways:

- Parent representation is needed for the District Budget and Finance Committee, and District ELAC.
- The PTA supports the school program by encouraging and organizing parent involvement, promoting the self-esteem of students, and enriching the school program by providing special programs, services, and activities.
- A number of parents and community volunteers work in the classrooms assisting teachers and school staff in a variety of ways to effectively lower adult to student ratio.

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- California Standards Tests (CSTs), which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- California Modified Assessment (CMA), an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- California Alternate Performance Assessment (CAPA), includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2008	2009	2010

Similar Schools	5	9	8

Academic Performance Index Growth by Student Group – Three-Year Comparison

English Learners	31	-9	2
Students with Disabilities	-	-	-

Note: "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

Academic Performance Index Growth by Student Group – 2011 Growth API Comparison

This table displays, by student group, the number of students included in the API and the 2011 Growth API at the school, LEA, and state level.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Federal Intervention Program (School Year 2011–12)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations Web page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

XII. Instructional Planning and Scheduling

Professional Development

Staff development priority areas are based upon curriculum focuses and District needs. Areas of emphasis are identified each year to align with newly adopted State Standards and State Frameworks. Curriculum revisions are an ongoing process with the major revision of every curriculum area corresponding to the year of the textbook adoption. The annual number of school days dedicated to staff development for the most recent three-years period is 2 days.

Classified employees are encouraged to attend inservices relevant to their specific assignment.

CYPRESS SCHOOL DISTRICT MISSION

The mission of the Cypress School District is to provide a school-community environment which promotes the development of each child's maximum potential by providing a quality staff, low class sizes based on financial conditions, well maintained and safe campuses, opportunities for parent involvement, and a focus on high scholastic standards and positive self-esteem.

CYPRESS SCHOOL DISTRICT VISION

The Cypress School District is focused on universal high achievement that is standards based, with enhanced arts and P.E. programs, using best practices and accessible updated technology, with a long term enrollment plan and valued, involved stakeholders.
