**Cypress School District Superintendent Sheri Loewenstein Recognized  
by La Palma City Council**

During the June 7, 2011 Council meeting, Sheri Loewenstein, Superintendent, Cypress School District, was recognized by the La Palma City Council for her tenure as leader of the Cypress School District. The Resolution specifically cited her work with staff and community members to make the difficult decisions regarding budget cuts and three school closures, ultimately keeping La Palma's Steve Luther School open in that community. In addition, it noted Ms. Loewenstein's pursuit of educational excellence as evidenced by Cypress School District continuing to be one of the highest achieving districts in Orange County, with all six schools garnering the distinction of being named a California Distinguished School. The award was presented by La Palma Mayor Ralph Rodriguez. Cypress School District Board Members Valeri Peters Wagner and Brian Nakamura were also in attendance.

Sheri was appointed Superintendent of the Cypress School District in July 2006, after an exhaustive search following the unexpected death of then Superintendent Dr. William Eller. She will retire on June 28, 2011, after 37 years of service in education.
